Both the Managing Committee of the school and the local Municipal Council do not consider it necessary to have any additional members on the committee of management of the school I agree in that view The composition of the committee is prescribed by Government having regard to the interests involved and the representation of the nature proposed would introduce extraneous factors, and create a precedent for other Municipal High School Committees There is, however, provision in the rules for the appointment, on the recommendation of the Managing Committee of the school, of one or two additional members, as a special case, to represent sister Municipalities contributing towards the maintenance of a Municipal High School or persons giving large donations to the school Nothing more seems to be necessary

Petition dated 24 July 1943, Camp, Mysore to the Minister for Education (Camp) Mysore

I, T S Subba Rao on behalf of the public of Krishnarajanagar Taluk most respectfully beg to bring the following representation to your favourable orders

1 HIGH SCHOOL On our representation the Government was pleased to give us a High School and the people of the Taluk have contributed towards the construction of the Building at Krishnarajanagar more than Rs 16,000/- It has been named after the late Highness's name as SREE KRISHNARAJENDRA HIGH SCHOOL as our late Highness granted permission for which the Taluk people are very highly grateful We represented to the Dewan Sahib as well as to the Minister on 29th August 1941 to convert this High School to a Government High School Not only the public have contributed to the building but also the people are paying a very large amount as educational cess on the 5 lacs of Revenue of this Taluk

ii) For this High School, Committee members have been taken as follows - Three from Municipality, two from the District Board and the others are Ex-officio members I request you, Sir, to kindly take three or four members from the Taluk for this Committee as co-opters so that the taluk people may have interest in the progress of the High School as the High School is to be extended for want of accommodation as one more section is opened already this year and the construction of a general Hostel is also necessary So I request you to convert this High School as the Krishnarajendra Government High School to be an inducement to the public to subscribe more and more towards the needs of the High School

iii) The High School has got only five feeding Middle Schools in this Taluk but it is quite inadequate to uniformly maintain the strength of the High School Therefore, we request you, Sir, to kindly increase the number of middle schools in the taluk providing

providing one at Tippur and the other at Bheriya as these are long felt wants of the Taluk The authorities promised to give a Middle School at Tippur, last year alone, though the public have given already a building the school is not given yet We do not know why it has been postponed year to year

Wishing you all health and prosperity
